### Comparison Groups

The NSSE *Institutional Report* displays core survey results for your students alongside those of three comparison groups. In May, your institution was invited to customize these groups via a form on the Institution Interface. This report summarizes how your comparison groups were constructed and lists the institutions within them.

NSSE comparison groups may be customized by (a) identifying specific institutions from the list of all 2016 and 2017 NSSE participants, (b) composing the group by selecting institutional characteristics, or (c) a combination of these. Institutions that chose not to customize received default groups<sup>a</sup> that provide relevant comparisons for most institutions.

Institutions that appended additional question sets in the form of topical modules or through consortium participation were also invited to customize comparison groups for those reports. The default for those groups was all other 2016 and 2017 institutions where the questions were administered. Please note: Comparison group details for topical module and consortium reports are documented separately in those reports.

### Report Comparisons

Comparison groups are located in the institutional reports as illustrated in the mock report at right. In this example, the three groups are "Private Doc-Granting," "Carnegie UG Program," and "NSSE 2016 & 2017."

### Reading This Report

This report consists of three sections that provide details for each of your comparison groups, illustrated at right.

**Comparison Group Name**  
The name assigned to the comparison group is listed here.

**How Group was Constructed**  
Indicates whether your group was drawn from a list, built based on criteria, or is the default group. If institutional characteristics were used to build your comparison group, they are listed here.

**Institution List**  
The names, cities and states or provinces of the comparison institutions are listed for your reference. NSSE 2016 participants are identified with an asterisk.

#### Comparison Group 1: Private Doc-Granting

This section summarizes how this group was identified, including selection criteria and whether the default group was used. This is followed by the resulting list of institutions in this group.

Date submitted	5/2/17
How was this comparison group constructed?	Your institution customized this group by selecting institutional characteristics as follows: Basic Classification (All Doc); Sector (Priv)
Group description (as provided by your institution)	All other current- and prior-year participating private Doctoral Universities.
